## NOVAPLUS Hcg Urine Test

### Material Safety Data Sheet

Revision Date: December 6, 2012

### Product Name:

NOVAPLUS Hcg Urine Test (Catalog #: VPT1-CASS)

### Recommended Use:

The NOVAPLUS hCG Urine test is an in vitro diagnostic rapid test for the qualitative detection of human chorionic gonadotropin in human urine specimens. The test is intended for use by healthcare professionals only.

### Components:

Kit is composed of individually pouched test cassettes. Test strips within plastic housing, containing dried chemical/bio chemical reagents.

## Section 2 – Hazards Identification

### Emergency Overview

Significant health effects are not anticipated from routine use of this material when following the precautions listed within the kit specific Package Insert, Universal Precautions and general safety laboratory practices. None of the components listed within this kit are considered hazardous as defined by the Occupational Safety and Health Administration (OSHA), the Canadian Workplace Materials Information System (WHMIS), or the European Union (EU) Directives.

When working with this kit we always recommend that employees wear appropriate personal protective equipment (PPE), including gloves, a lab coat and eye protection, and follow good laboratory hygiene practices to avoid any and all accidental exposure to workplace materials.

Component	Chemical Name	CAS#	EINECS #	Concentration (%)	Volume
<b>SAFETY DATA SHEET (SDS) NOT REQUIRED FOR THIS TEST KIT</b>					
There are no hazardous chemicals contained within this kit at concentrations that are considered hazardous to personal health and/or the environment.					

## Other Information

### Section 3 – Composition / Information on Ingredients

Every effort has been made to adhere to the hazard criteria and content requirements of the U.S. OSHA Hazard Communication Standard, European Communities Safety Data Sheets, Canadian Controlled Products Regulations, UK Chemical Hazard Information and Packaging Regulations, and UN Globally Harmonized System of Classification and Labeling of Chemicals.

The information above is provided in good faith. It is believed to be accurate and represents the best information currently available to us. However, we make no warranty of merchantability, fitness for a particular purpose or of any other type, expressed or implied, with respect to products described or data or information provided, and we assume no liability resulting from the use of such products, data or information. Users should make their own investigations to determine the suitability of the information for their particular purposes, and the user assumes all risk arising from their use of the material. The user is required to comply with all laws and regulations relating to the purchase, use, storage and disposal of the material, and must be familiar with and follow generally accepted safe handling procedures. In no event shall EKLA Corp be liable for any claims, losses, or damages of any individual or for lost profits or any special, indirect, incidental, consequential or exemplary damages of any kind, howsoever arising, even if EKLA Corp has been advised of the possibility of such damages
